GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER TO THE GOVERNMENT OF MYSORE, BANGALORE.

Notification dated 7th January 1947.

Press Note.

Frequency Conversion Scheme from 25-cy. to 50-cy.

"The attention of all concerned is invited to the Press Notes issued by Government from time to time, giving expression to their intention to convert the supply frequency from 25 to 50 cycles throughout the State except Kolar Gold Fields. This change has to be effected in Bhadravati area covering Shimoga and Chitaldrug Districts during the year 1947 and in other areas during 1948-50.

2. As notified already by Government in Press Note issued during June 1946, it is required that motors installed on or after 1st May 1946 should be suitable for both 25 and 50 cycles. Such of the consumers as have not adhered to the above instructions, should arrange to obtain at their own cost, appropriate equipment in time for utilising 50 cycle power to be made available. Failure to do so will entail disconnection of service, without prejudice to the claim of the department accruing from the agreement entered into by the consumer with the department.

Equipment installed before 1st May 1946.

3. In case of individual consumers, other than limited liability companies, whose installed capacity is less than 50 H. P., the Electrical Department will bear the cost of conversion, the mode of conversion being left to the choice of the department.

4. In all other cases, the following procedure will be adopted :—

(*a*) In case of motors where reconnection is possible with appropriate changes in the size of pulleys, etc., the entire cost of conversion will be borne by the Department.

(*b*) In case of motors requiring rewinding to sui 50 cycles, the cost of conversion will be borne equally by the consumer and the Department.

NOTE :—If in cases of installations falling under categories (a) and (b) above, the owners desire replacement of their 25-cycle motors by 50 cycle motors, the Department is liable to pay to the owners only such estimated amount as is likely to be incurred in effecting the conversion as suggested above, the balance of cost being borne by the owners.

(*c*) In case of motors requiring complete replacement:—

(*i*) The Department will take over the existing 25-cycle motors, and

(*ii*) The consumers have to pay to the Department amounts equivalent to the depreciation value of the above motors calculated at the rate prescribed in the Mysore Income-Tax Act (v) of 1923 as amended from time to time.

(*iii*) The Department will supply to the consumers new motors of appropriate sizes suitable for 50-cycle power supply.

5. In order to effect this conversion a partial or total interruption of power supply would be inevitable, but the Department will take all reasonable precautions and steps to see that the inconvenience caused to the consumers is a minimum. It is hoped that the consumers will extend to the Department their whole-hearted co-operation.

6. For any loss that a consumer may sustain during the period of interruption or due to damage to his equipment after the conversion is effected, the department cannot be held responsible beyond the guarantee to be given by the manufacturer or firm or supplier of the motors as the case may be in the three cases (*a*), (*b*) and (*c*) detailed above.

7. Any additional information or further clarification needed on the above points may be had from the Superintendents of Sections of the Department, or from the Chief Electrical Engineer.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER TO THE GOVERNMENT OF MYSORE, BANGALORE.

Notification dated 7th January 1947.

Press Note.

Frequency Conversion Scheme from 25-cy. to 50-cy.

"The attention of all concerned is invited to the Press Notes issued by Government from time to time, giving expression to their intention to convert the supply frequency from 25 to 50 cycles throughout the State except Kolar Gold Fields. This change has to be effected in Bhadravati area covering Shimoga and Chitaldrug Districts during the year 1947 and in other areas during 1948-50.

2. As notified already by Government in Press Note issued during June 1946, it is required that motors installed on or after 1st May 1946 should be suitable for both 25 and 50 cycles. Such of the consumers as have not adhered to the above instructions, should arrange to obtain at their own cost, appropriate equipment in time for utilising 50 cycle power to be made available. Failure to do so will entail disconnection of service, without prejudice to the claim of the department accruing from the agreement entered into by the consumer with the department.

Equipment installed before 1st May 1946.

3. In case of individual consumers, other than limited liability companies, whose installed capacity is less than 50 H. P., the Electrical Department will bear the cost of conversion, the mode of conversion being left to the choice of the department.

4. In all other cases, the following procedure will be adopted:—

(a) In case of motors where reconnection is possible with appropriate changes in the size of pulleys, etc., the entire cost of conversion will be borne by the Department.

(b) In case of motors requiring rewinding to sui 50 cycles, the cost of conversion will be borne equally by the consumer and the Department.

NOTE:—If in cases of installations falling under categories (a) and (b) above, the owners desire replacement of their 25-cycle motors by 50 cycle motors, the Department is liable to pay to the owners only such estimated amount as is likely to be incurred in effecting the conversion as suggested above, the balance of cost being borne by the owners.

(c) In case of motors requiring complete replacement:—

(i) The Department will take over the existing 25-cycle motors, and
(ii) The consumers have to pay to the Department amounts equivalent to the depreciation value of the above motors calculated at the rate prescribed in the Mysore Income-Tax Act (v) of 1923 as amended from time to time.
(iii) The Department will supply to the consumers new motors of appropriate sizes suitable for 50-cycle power supply.

5. In order to effect this conversion a partial or total interruption of power supply would be inevitable, but the Department will take all reasonable precautions and steps to see that the inconvenience caused to the consumers is a minimum. It is hoped that the consumers will extend to the Department their whole-hearted co-operation.

6. For any loss that a consumer may sustain during the period of interruption or due to damage to his equipment after the conversion is effected, the department cannot be held responsible beyond the guarantee to be given by the manufacturer or firm or supplier of the motors as the case may be in the three cases (a), (b) and (c) detailed above.

7. Any additional information or further clarification needed on the above points may be had from the Superintendents of Sections of the Department, or from the Chief Electrical Engineer.

V. Candidates suitable for being nominated as Munsiffs will be selected by the Judges of the High Court from among the applicants, by first selecting a larger number than required, having regard to the applicants' experience at the Bar or in service and the testimonials produced along with their applications as regards their general ability, legal knowledge and aptitude for judicial work ; and next by a further selection of the required number by

(1) a practical test of writing judgments, and

(2) interview, if necessary.

The practical test is not meant to be a competitive examination but is only for the purpose of the High Court satisfying itself as to the fitness and suitability of the candidate to hold the post of judicial officer. The names of candidates finally selected will be entered in the lists ; nominations for Munsiffs' posts will ordinarily be made from such lists, having regard to the proportion which the Government may fix from time to time in the matter of communal representation.

VI. Persons appointed as Munsiffs should be on proba tion for a total period of one year. They will not be confirmed, unless during the period of probation:—

(1) they pass the Registration Examination except in the case of those that have taken the LL.B. (2) the High Court is satisfied about their character, behaviour, capacity to record evidence with facility and properly appreciate it, legal equipment and knowledge of practical details.

It is open to the High Court to extend the period of probation for such period as it thinks fit, if within the prescribed period of one year the officer fails to pass the required tests and satisfy the High Court about his fitness for confirmation. If, after the expiry of the prescribed period of probation for one year, there is a vacancy to be filled up permanently or by a provisionally permanent or substantive-*pro-tempore* arrangement, and it is found that, by that time, the Munsiff on probation who is in the run for being absorbed in such vacancy has not qualified himself by passing the required tests and satisfying the High Court as regards his fitness for confirmation as Munsiff, he will be passed over in favour of one who is so qualified, irrespective of the fact that the period of probation has been specially extended by the High Court. If within the expiry of the period of probation for one year unless it is extended, or within the extended period of probation, if any, he has not qualified himself and is not found fit he is liable to vacate his appointment if recruited from the

Bar or to revert to the post he occupied at the time of his appointment, if recruited from the ministerial establishment.

VII. These rules shall take the place of the rules published in the High Court Notification No. R.Dis. 5—44-45, dated 23rd November 1944, and shall come into force at once.

Note.—These revised rules as regards confirmation apply also to the present incumbents who are still acting as Munsiffs.

It is further notified that the procedure prescribed by Government in Government Order No. F. L. 3961-4020-G. F. 134-46-2. dated 19th November 1946, regarding the revised system of remitting cheques direct to the Mysore Bank, contemplates only cheques accepted by Departmental Officers in satisfaction of dues to Government the proceeds of which have to be credited to the several Revenue Heads of Account and against which no drawings are allowed. But instances have come to notice in which the Bangalore District Treasury has refused to accept cheques tendered without examining the head of account to which they are to be credited. The District Treasury Officer, Bangalore, will have to bear in mind the fact that the above Government Order does not permit the remittance of cheques direct to the Bank for realisation when the amounts involved are in the nature of deposits etc., as distinguished from dues to Government. This aspect of the question should always be present before the District Treasury Officer, Bangalore, as well as the several Officers of Government accepting cheques from the public.

ACCEPTANCE OF CHEQUES IN SATISFACTION OF GOVERNMENT DUES.

Notification dated 18th February 1947.

No. 1436—Books. In continuation of this Office Notification No. 879—Books dated 6th December 1946, recommending that Government Officers may accept cheques from the public drawn on such banks only as were mentioned therein all concerned (the Government Officers concerned all Local Banking Institutions and the General Public) are hereby informed that in respect of payments to Government on account of Income-Tax and Lighting and Water Charges, cheques drawn *on all Local Banking and Co-operative Institutions* will be continued to be accepted by the concerned Departments as hitherto.

xx xx xx

It is further notified that the procedure prescribed by Government in Government Order No. F. L. 3961-4020-G. F. 134-46-2, dated 19th November 1946, regarding the revised system of remitting cheques direct to the Mysore Bank, contemplates only cheques accepted by Departmental Officers in satisfaction of dues to Government the proceeds of which have to be credited to the several Revenue Heads of Account and against which no drawings are allowed. But instances have come to notice in which the Bangalore District Treasury has refused to accept cheques tendered without examining the head of account to which they are to be credited. The District Treasury Officer, Bangalore, will have to bear in mind the fact that the above Government Order does not permit the remittance of cheques direct to the Bank for realisation when the amounts involved are in the nature of deposits etc., as distinguished from dues to Government. This aspect of the question should always be present before the District Treasury Officer, Bangalore, as well as the several Officers of Government accepting cheques from the public.

6453 C. NARASIMHA MURTHY, *Secy.*

Questionnaire "A".

Name of the person answering the questionnaire.....

.....

Address.....

I. GENERAL.

1. What is the population of the town or village where you live?
2. Can you give an approximate idea of the number of people in your town or village who are accustomed to the use of alcholic drinks (hereafter referred to as drink)?
3. To what classes or communities do they belong?

(*N.B.*—It is realised that it will be difficult for people who live in big cities to answer the above questions. It may not be so difficult for people who live in towns or villages to answer them).

4. If you are acquainted with any families one or more members of which drink, can you kindly ascertain and furnish the following information?
   (*a*) How often in a week or a month do they drink?
   (*b*) What is the average *per capita* consumption of the several varieties of drink (toddy, arrack or other liquor) per day or per week?
   (*c*) What is the *per capita* expenditure on drink per day or per week?
   (*d*) What proportion does that expenditure bear to the total income of
   (i) the person concerned; and
   (ii) the family?
   (*e*) What is the general effect of the drink habit on the economic condition of the family? Has it resulted in indebtedness and if so, to what extent?
5. Do you think that the number of people who drink in your town or village has been increasing, stationary or decreasing during the last ten years?
6. Do you think that the drink habit can be abolished or minimised and if so, by what means?
7. Do you think that the drink evil is so grave and widespread as to call for the introduction of total prohibition in the State?

II. ENFORCEMENT OF PROHIBITION.

8. Do you think that enforcement of prohibition is an interference with individual liberty and is this interference necessary in the interest of society?
9. Do you think that prohibition is practicable, having a fair chance of success in the State?
10. Do you think that prohibition should be introduced all at once, or by stages? If by stages, what do you think would be a reasonable period in which the State might become dry?
11. Can you suggest any order of priority in which areas in the State might be selected for introducing prohibition?
12. Do you think there will be illicit tapping and distillation after prohibition is introduced and have you any suggestions for preventing and detecting them?
13. What substitute methods of refreshment, recreation and entertainment would you suggest for those who will be deprived of drink when prohibition is introduced?
14. Do you think that exemptions from the operation of prohibition should be given in favour of any classes of people or in any given circumstances?
15. What steps do you suggest for mobilising active and effective non-official support in enforcing prohibition successfully?

III. FINANCIAL AND ECONOMIC IMPLICATIONS OF PROHIBITION.

16. Is the introduction of prohibition in accord with the public opinion and is the public willing to undergo fresh taxation direct or indirect to make up the loss and the cost of the enforcement of prohibition? (If prohibition is introduced, the State will lose a very important source of revenue. Excise revenue at present amounts to about Rs. 2 crores out of a total revenue of about 11 crores.
17. Can you suggest alternative methods by which the loss of revenue can be made good and the probable income that might be expected?
18. If your suggestions involve additional taxation, direct or indirect, will you state on whom the incidence of the taxation you propose will ultimately fall?
19. What would be the reaction of the people in your area including abstainers to additional taxation resulting from the introduction of prohibition?
20. If prohibition is introduced can you suggest any economic use of toddy and bhagani trees, such as the manufacture of jaggery?
21. What alternative employment would be available in your area to the tappers, vendors and others who are now engaged in the liquor business?
22. If you have any suggestions or comments to make on any points which you think are not covered by the above questions, you are welcome to do so under this column.

SUBJECT—**Interim Relief to Government Employees.**

With reference to Government Order No. Fl. 6350-6419—S. & A. 114-46-2, dated 25th February 1947, directing that one month's pay be given as bonus to certain classes of Government Employees, the following subsidiary instructions are issued regarding the drawing of the amount:—

1. The term "Pay" referred to in the Government Order includes temporary pay, acting allowances and personal allowances and excludes all other kinds of allowances. An official holding a substantive appointment and drawing higher rate of temporary pay or acting allowances is entitled to bonus based on the actual salary due to him on 1st February 1947. Officials without substantive appointments may draw bonus on the basis of the temporary pay or acting allowances drawn.

2. Bonus should be calculated on the basis of "Pay" as defined above, as it stood on 1st February 1947.

3. In the case of persons on leave, the bonus has to be calculated on the "Pay" as defined above, to which the officials would have been entitled if they had been on duty on 1st February 1947.

4. For purposes of drawing the bonus, the employees, whether permanent or temporary should have put in a minimum service of not less than ninety days or three months on 1st February 1947 including periods of leave, if any, taken by them. A certificate should also be furnished in the bills as follows:—

(i) Certified that the bonus has been claimed on the basis of pay as defined in G. O. No. Fl. 6350-6419—S. & A. 114-46-2, dated 25th February 1947.

(ii) Certified that the officials in respect of whom bonus has been claimed in this bill have rendered a service of not less than ninety days or three months as on 1st February 1947.

5. Such of the Gazetted Officers as are entitled to the bonus may draw the same at the Treasury without any further Audit Slip. Officers, whose permanent pay is Rs. 250 or less but whose "pay" as defined in the Government Order is above Rs. 250 are not entitled to the bonus.

6. Employees of the Government Industrial Concerns or Railway employees who have already been granted bonus are not entitled to this bonus.

7. The classification to be noted on the bills is "32. B. Expenditure connected with War-22. Interim Relief to Government Employees." In the case of persons, whose salaries are debited to Fund Heads or Working Expenses, the bonus will also be charged to the same head.

It is further notified that the procedure prescribed by Government in Government Order No. F. L. 3961-4020-G. F. 134-46-2. dated 19th November 1946, regarding the revised system of remitting cheques direct to the Mysore Bank, contemplates only cheques accepted by Departmental Officers in satisfaction of dues to Government the proceeds of which have to be credited to the several Revenue Heads of Account and against which no drawings are allowed. But instances have come to notice in which the Bangalore District Treasury has refused to accept cheques tendered without examining the head of account to which they are to be credited. The District Treasury Officer, Bangalore, will have to bear in mind the fact that the above Government Order does not permit the remittance of cheques direct to the Bank for realisation when the amounts involved are in the nature of deposits etc., as distinguished from dues to Government. This aspect of the question should always be present before the District Treasury Officer, Bangalore, as well as the several Officers of Government accepting cheques from the public.

SUBJECT—**Interim Relief to Government Employees.**

With reference to Government Order No. Fl. 6350-6419—S. & A. 114-46-2, dated 25th February 1947, directing that one month's pay be given as bonus to certain classes of Government Employees, the following subsidiary instructions are issued regarding the drawing of the amount:—

1. The term "Pay" referred to in the Government Order includes temporary pay, acting allowances and personal allowances and excludes all other kinds of allowances. An official holding a substantive appointment and drawing higher rate of temporary pay or acting allowances is entitled to bonus based on the actual salary due to him on 1st February 1947. Officials without substantive appointments may draw bonus on the basis of the temporary pay or acting allowances drawn.

2. Bonus should be calculated on the basis of "Pay" as defined above, as it stood on 1st February 1947.

3. In the case of persons on leave, the bonus has to be calculated on the "Pay" as defined above, to which the officials would have been entitled if they had been on duty on 1st February 1947.

4. For purposes of drawing the bonus, the employees, whether permanent or temporary should have put in a minimum service of not less than ninety days or three months on 1st February 1947 including periods of leave, if any, taken by them. A certificate should also be furnished in the bills as follows:—

(i) Certified that the bonus has been claimed on the basis of pay as defined in G. O. No. Fl. 6350-6419—S. & A. 114-46-2, dated 25th February 1947.

(ii) Certified that the officials in respect of whom bonus has been claimed in this bill have rendered a service of not less than ninety days or three months as on 1st February 1947.

5. Such of the Gazetted Officers as are entitled to the bonus may draw the same at the Treasury without any further Audit Slip. Officers, whose permanent pay is Rs. 250 of less but whose "pay" as defined in the Government Order is above Rs. 250 are not entitled to the bouns.

6. Employees of the Government Industrial Concerns or Railway employees who have already been granted bonus are not entitled to this bonus.

7. The classification to be noted on the bills is "32. B. Expenditure connected with War-22. Interim Relief to Government Employees." In the case of persons, whose salaries are debited to Fund Heads or Working Expenses, the bonus will also be charged to the same head.

MYSORE DISTRICT.

Notification dated 28th April 1947.

Reference:—

No. H. 3758—46-47. This Office Order No. N. Dis. H. 3068—46-7, dated 9th March 1947, conveying approval for the recommendations of the local officers to continue the lands endowed to Sri Sambhulingeswaraswamy Temple, Maralur, Nanjangud Taluk, in the possession and enjoyment of the archak, subject to satisfactory conduct of sevas as per scale to be sanctioned for a total estimated income of Rs. 250 and to the payment of Rs. 25 reserve and Rs. 5 towards Muzrai Establishment for a period of five years from 1947-48.

Correspondence ending with No. A7-Muz. 23—44-5, dated 19th April 1947, from the Sub-Division Officer, Nanjangud submitting for sanction a revised scale of income and expenditure for the above temple.

Order No. D1. Dis. H. 3758—46-7, dated 24th April 1947.

The income from the lands is estimated at Rs. 250 besides the institution gets an annual interest of Rs. 2-12-0 on the investment of Rs. 100 in Savings' Bank Deposits. Proposals for revision has been made without including the interest in the provisions made for reserve and Muzrai Establishment. Therefore the several provisions in the Hetchukattale are modified and the Reserve and Muzrai Establishment funds are accordingly revised to Rs. 25-4-0 from Rs. 22-0-0 and Rs. 7-8-0 from Rs. 8 respectively.

It is seen from the records that the scale of income and expenditure sanctioned at the time of reorganisation of the Department, *i.e.*, in 1919 has not been so far revised. This is very unsatisfactory. The Sub-Division Officer is requested to investigate the cause of this inordinate delay to take action to avoid such delays in future.

The revised scale which provides for a total expenditure of Rs. 227-8-0 including the percentage contribution for the Muzrai Establishment fund and a reserve of Rs. 25-4-0 per annum is sanctioned for a period of five years from 1947-48 with effect from 1st July 1947.

A copy of the sanctioned scale is appended to this order.

8136 G. N. NAGARAJA RAO, *Dy. Commr.*

Notification dated 14th May 1947.

Re.—Registers to be maintained by Departmental Officers for watching the receipt of bills sent for preaudit.

To

All Departmental Officers.

No. 451—B. ii. At present there is no satisfactory arrangement for watching the disposals of several classes of Bills sent by Departmental Officers for preaudit to the Comptroller's Office or other Audit Offices. Reminders are often received, sometimes months or years after the bills were first presented enquiring about their disposal. The work of replying to such belated enquiries is rendered extremely difficult as the concerned registers in the Audit Office would have ceased to be in current use. After getting at the old registers it has often been found that the bills in question had been returned to the concerned Departments. To obviate all such belated investigations, Government have approved the addition of a New Rule 5 (E) to the Annexure to Mysore Civil Account Code, Volume I, as noted below, directing all departmental officers to maintain and scrutinise a Register of Bills sent for preaudit :—

"It is the primary duty of every officer including countersigning officers, who have to arrange for the payment of Bills, to see that a proper account is maintained of Bills received, and disposed of, as the responsibility of an officer receiving Bills does not cease until he gives a final clearance for them. A suitable Register should, therefore, be maintained of all Bills received and disposed of. As regards Bills sent for preaudit, every office forwarding Bills for preaudit should maintain a Register in the following form for watching the Bills sent for preaudit and their return. In the case of Bills Payable at Bangalore, Registers may be taken or sent to the Pay Section of the Comptroller's Office or other Audit Office concerned once a month for verification. In the case of Bills Payable at the mofussil Treasuries, the Departments should send weekly reminders to the Pay Section of the Audit Office with a view to expedite disposal".

Register of Bills sent for Pre-audit.

Date.	Sl. No.	Particulars of the bill.	Token or Non-token.	Date of receipt of cheque or Bill or Advice of issue of cheque.	Cheque No. and date.	Date on which cheque or Bill was cashed, handed over to the parties or returned to subordinate officers.	Remarks (Reference to reminders, etc.)

All Departmental Officers are requested to follow the instructions contained in the above Rule, which will come into force immediately.

8439

Notification dated 16th May 1947.

To

All Drawing and Countersigning Officers who present bills at the Pay Section for pre-audit and payment.

Sir,

No. 316-317—P. S. It has came to my notice that in respect of bills which have to be arranged for payment outside the State by cheques drawn on the Imperial Bank of India, tokens are being obtained at the Pay Section of this office. This is not in order as tokens are intended to be issued only in respect of bills to be preaudited and cheques issued for payment in Bangalore. All bills which have to be paid outside Mysore State by cheques drawn on the Imperial Bank of India should be sent with covering letters. If such bills are sent to the Pay Section hereafter they will not be received. Bills payable after pre-audit outside Bangalore but within the Mysore State should also be sent with covering letters. The audited bills will be sent direct to the concerned offices by the Pay Section.

A similar procedure should also be followed in respect of bills for supply of Electric Power, Water and Supplies and Services from Government Departments, so that cheques drawn in respect of such bills may be despatched to the payees concerned direct by the Pay Section and intimations sent to the offices concerned.

I have the honour to be,
Sir,
Your most obedient servant,

8456 V. T. SREENIVASAN,
Comptroller.

Circular dated 17th May 1947.

To all Drawers of Bills in the State.

Subject.—The presentation of contingent, supplies and services bills for preaudit before the end of the official year 1946-47.

No. 318—P.S. To avoid rush of bills in the last few days of the official year all the Drawing Officers are hereby requested to send the bills to this office for preaudit as early as possible, as soon as each bill gets ready. Keeping them till the end of the month and sending them during the last

few days of June 1947, will cause great inconvenience on account of sudden pressure of work in the Audit Office. Much avoidable pressure will also be thrown on the Pay Section adding to the heaviness and congestion in that section.

Bills for contingencies, supplies and services received in this office after the 25th June 1947 cannot ordinarily be expected to be returned audited before 30th June 1947.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification dated 14th May 1947.

Re.—Registers to be maintained by Departmental Officers for watching the receipt of bills sent for preaudit.

To

All Departmental Officers.

No. 451—B. ii. At present, there is no satisfactory arrangement for watching the disposals of several classes of Bills sent by Departmental Officers for preaudit to the Comptroller's Office or other Audit Offices. Reminders are often received, sometimes months or years after the bills were first presented enquiring about their disposal. The work of replying to such belated enquiries is rendered extremely difficult as the concerned registers in the Audit Office would have ceased to be in current use. After getting at the old registers it has often been found that the bills in question had been returned to the concerned Departments. To obviate all such belated investigations, Government have approved the addition of a New Rule 5 (E) to the Annexure to Mysore Civil Account Code, Volume I, as noted below, directing all departmental officers to maintain and scrutinise a Register of Bills sent for preaudit :—

"It is the primary duty of every officer including counter-signing officers, who have to arrange for the payment of Bills, to see that a proper account is maintained of Bills received, and disposed of, as the responsibility of an officer receiving Bills does not cease until he gives a final clearance for them. A suitable Register should, therefore, be maintained of all Bills received and disposed of. As regards Bills sent for preaudit, every office forwarding Bills for preaudit should maintain a Register in the following form for watching the Bills sent for preaudit and their return. In the case of Bills Payable at Bangalore, Registers may be taken or sent to the Pay Section of the Comptroller's Office or other Audit Office concerned once a month for verification. In the case of Bills Payable at the mofussil Treasuries, the Departments should send weekly reminders to the Pay Section of the Audit Office with a view to expedite disposal".

Register of Bills sent for Pre-audit.

Date	Sl. No.	Particulars of the bill.	Token or Non-token.	Date of receipt of cheque or Bill or Advice of issue of cheque.	Cheque No. and date.	Date on which cheque or Bill was cashed, handed over to the parties or returned to sub ordinate officers.	Remarks (Reference to reminders, etc.)

All Departmental Officers are requested to follow the instructions contained in the above Rule, which will come into force immediately.

8439

Circular dated 17th May 1947.

To all Drawers of Bills in the State.

Subject.—The presentation of contingent, supplies and services bills for preaudit before the end of the official year 1946-47.

No. 318—P.S. To avoid rush of bills in the last few days of the official year all the Drawing Officers are hereby requested to send the bills to this office for preaudit as early as possible, as soon as each bill gets ready. Keeping them till the end of the month and sending them during the last few days of June 1947, will cause great inconvenience on account of sudden pressure of work in the Audit Office. Much avoidable pressure will also be thrown on the Pay Section adding to the heaviness and congestion in that section.

Bills for contingencies, supplies and services received in this office after the 25th June 1947 cannot ordinarily be expected to be returned audited before 30th June 1947.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification dated 14th May 1947.

Re.—Registers to be maintained by Departmental Officers for watching the receipt of bills sent for preaudit.

To

All Departmental Officers.

No. 451—B. ii. At present, there is no satisfactory arrangement for watching the disposals of several classes of Bills sent by Departmental Officers for preaudit to the Comptroller's Office or other Audit Offices. Reminders are often received, sometimes months or years after the bills were first presented enquiring about their disposal. The work of replying to such belated enquiries is rendered extremely difficult as the concerned registers in the Audit Office would have ceased to be in current use. After getting at the old registers it has often been found that the bills in question had been returned to the concerned Departments. To obviate all such belated investigations, Government have approved the addition of a New Rule 5 (E) to the Annexure to Mysore Civil Account Code, Volume I, as noted below, directing all departmental officers to maintain and scrutinise a Register of Bills sent for preaudit :—

"It is the primary duty of every officer including countersigning officers, who have to arrange for the payment of Bills, to see that a proper account is maintained of Bills received, and disposed of, as the responsibility of an officer receiving Bills does not cease until he gives a final clearance for them. A suitable Register should, therefore, be maintained of all Bills received and disposed of. As regards Bills sent for preaudit, every office forwarding Bills for preaudit should maintain a Register in the following form for watching the Bills sent for preaudit and their return. In the case of Bills Payable at Bangalore, Registers may be taken or sent to the Pay Section of the Comptroller's Office or other Audit Office concerned once a month for verification. In the case of Bills Payable at the mofussil Treasuries, the Departments should send weekly reminders to the Pay Section of the Audit Office with a view to expedite disposal".

Register of Bills sent for Pre-audit.

Date	Sl. No.	Particulars of the bill.	Token or Non-token.	Date of receipt of cheque or Bill or Advice of issue of cheque.	Cheque No. and date.	Date on which cheque or Bill was cashed, handed over to the parties or returned to sub ordinate officers.	Remarks (Reference to reminders, etc).

All Departmental Officers are requested to follow the instructions contained in the above Rule, which will come into force immediately.

8439

Circular dated 17th May 1947.

To all Drawers of Bills in the State.

Subject.—The presentation of contingent, supplies and services bills for preaudit before the end of the official year 1946-47.

No. 318—P. S. To avoid rush of bills in the last few days of the official year all the Drawing Officers are hereby requested to send the bills to this office for preaudit as early as possible, as soon as each bill gets ready. Keeping them till the end of the month and sending them during the last few days of June 1947, will cause great inconvenience on account of sudden pressure of work in the Audit Office. Much avoidable pressure will also be thrown on the Pay Section adding to the heaviness and congestion in that section.

Bills for contingencies, supplies and services received in this office after the 25th June 1947 cannot ordinarily be expected to be returned audited before 30th June 1947.

Letter No. T. E. C. 11—I. M. P.—3 (7), dated 19th April 1947, from the Textile Commissioner, Bombay, addressed to all Provincial Governments and Chief Commissioners is published for the information of all dealers concerned.

Subject :—Imported Cloth—Textile Commissioner's Notification No. T. C. (12)—44 of 14th October 1944 Amendment.

I have the honour to enclose for your information a copy of the Textile Commissioner's Notification No. T. 11—3-T. A.—46, dated 15th March 1947, which modifies the existing procedure for price stamping and distribution of imported cloth. A copy of the Textile Commissioner's Notification No. T. C. (12)—44, dated 14th October 1944, as amended up to date including the above amendment is also enclosed for your reference.

According to the existing procedure, the landed cost certificate for cloth and yarn is issued by the Textile Authority of the Province in which the port at which the goods are landed, is situated. That Controller is also responsible for price stamping, after which the goods are sent to the receiving Provinces and States as the case may be. As a result of the Notification referred to above, the landed cost Certificate will show in addition to the landed cost, some of the details of marking prescribed to be made on the cloth and yarn, under this Notification, such as the importer's price, bale number or numbers, etc., and the quantity of cloth in yards, and yarn in Lbs. These certificates will continue to be issued by the Textile authorities of the Province in which the port of entry is situated.

The Importer concerned will, on receipt of the landed cost certificate apply for distributions to this office, if the consignments are landed in the port of Bombay, and to the Provincial Textile Authorities at Karachi, Madras and Calcutta in the case of consigments landed at ports over which they exercise jurisdiction. This office or the Provincial Taxtile Authorities concerned will without waiting for the cloth to be stamped, issue release orders in favour of the nominee of the Province, to which the cloth is allotted with the only difference that, release will be made in full packages and not in smaller lots is being done at present. Such allotments will continue to be made, however, in the proper lines detailed in this office circular letters No. C. Y. C., dated 29th August 1945 and C. Y. C.—4—I. M. P., dated 2nd May 1946.

The stamping in the prescribed manner, of the cloth meant for sale in the Province of Bombay, Sind, Madras and Bengal will be the responsibility of the Provincial Textile authorities concerned. The cloth meant for areas other than those mentioned above, will be despatched in full packages but unstamped to the Provinces and States to which they are allotted. On receipt of the cloth within his jurisdiction, the Textile authority of the Province or State will arrange for the stamping of the cloth in the prescribed manner and will thereafter effect the final distribution of the cloth.

The above amendment will come into force with immedidate effect in respect of all consignments for which the Controllers have not issued landed cost certificates. These consignments for which Landed Cost Certificates have already been issued

will however be distributed in accordance with the procedure obtaining hitherto.

The existing arrangements for price marking and distribution of yarn remain unchanged. As far as yarn is concerned the amendment only prescribed that some additional details should be specified on the relative landed cost certificate.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification dated 18th June 1947.

Re: Payment of Scholarship, Passage and other amounts to departmental officers selected for technical training or higher studies abroad.

To

All Heads of Departments.

No. 2262—Books. The Heads of Departments from which officers are deputed to foreign countries for technical training or higher studies are not at present sending requisitions to this office promptly for arranging payment of scholarship and allowances, passage money, etc. Sometimes requisitions are sent to this office merely mentioning the Government Order sanctioning the deputation without giving full particulars regarding the amounts payable to the candidates, place and period of deputation, address and place of payment, etc. The result is that this office is unable to arrange for payments promptly without the required information and the candidates are often stranded in far off places, and cablegrams are being sent to this office by the candidates, the Bankers, the Trade Commissioner for Mysore and the High Commissioner for India demanding immediate payments. As this is not a desirable state of affairs, the heads of departments are requested to kindly furnish to this office, immediately on receipt of Government Orders sanctioning the deputation of a Departmental Officer abroad, the particulars necessary for arranging payments in the following form :—

1 G. O. Number and date sanctioning the deputation. .....
2 Name and designation of the officer ... .
3 Place and period of deputation ... .
4 Amount of salary, scholarship and other allowances payable. .....
5 Address and where payable ... .
6 Quarterly or monthly ... ...
7 Date on or after which the first payment has to be made. .....
8 In case of deputation to the United States of America the permit number and date of the Reserve Bank of India for Dollar Exchange and the period of its validity. .....
9 Remarks ... ...

2. In the case of deputation to the United States of America prior permission from the Reserve Bank of India for Dollar Exchange is quite essential and must be obtained before payments can be arranged for in America. It is therefore quite necessary that in such cases arrangements should be made by the heads of departments concerned to obtain the requisite permission from the Reserve Bank of India and send the same to this office along with the other particulars before the officers are relieved to proceed on deputation.

3. In some cases, the officers have gone away without obtaining the necessary permits from the Reserve Bank and this office has been obliged to apply for the necessary permits from the Reserve Bank on their behalf although this office is unable to furnish several particulars required by the Reserve Bank for granting such permits. Some of the officers have arranged to obtain payments in the United States of America through the Travel Agents, Messrs. American Express Company, Bombay, and the arrangement appears to be working satisfactorily. Whether it is through this Company or through any other agency it is quite essential that necessary permit is obtained from the Reserve Bank and communicated to this office to avoid delay and inconvenience before the officer leaves for the United States of America. The services of Messrs. Coutts & Company of London can be availed of only for payments to be made in the United Kingdom, without such permits.

4. So far as passages are concerned, whether by sea or air the necessary bookings should be arranged for by the candidates themselves or by the heads of departments on their behalf. This office does not and cannot undertake to make such bookings. All that it can undertake to do is to make the necessary payments when claimed by the companies through which the bookings have been done.
